

Class Profile Report

After the child's assessment is finalized, the teacher will begin utilizing data from the "Class Profile Report." He/she will use this report as a type of outcome report for assessment results. The teaching staff will notice on this report the specific children who have fallen/scored BELOW the Widely Held Expectations – (Color Bands).

These children will be listed on the lesson plan in areas of need in order to be given extra help in meeting the goals of reaching the Widely Held Expectations in each area of development.

How to print the Class Profile Report:
